GUARD AGAINST BURGLARS

The ubiquitous burglar preys when least expected. The policeman is to some extent a safeguard but he is not infallible. The night watchmen is invaluable around premises but he is only human and sometimes his alertness slumbers.

The PACIFIC COAST CASUALTY CO. affords absolute protection against burglars by insuring your valuables, whatever their description. The rate is very low and if only to secure freedom from worry it will pay you to take out a Burglary Insurance policy. The Company also insures Show Windows and Show Cases.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential to all such cases is INCREASED VITALITY—VIGOR—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings, and experience be more securely secured by a course of the celebrated life-reviving tonic.

THERAPION NO. 3

Therapion No. 3 is sold by principal chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapion" appears on British government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

WORLD'S NEWS DAILY.

The British ship Carradale, Captain Gill, arrived in port yesterday morning from Newcastle with a madman loaded with chains in her hold. It seems that the man, J. Senhouse, by name, was formerly on a mail steamer, but shipped on the Carradale when she left New York last November for Melbourne, Australia.

It was after the ship left Newcastle for this port that Senhouse first began showing signs of becoming demented, and long spells of brooding, and his sullen actions warned the crew and officers that he was losing his mind.

On June 25, however, he suddenly became like a maniac and seizing a belaying pin stretched a seaman on the deck with a blow that nearly killed him. He was quickly overpowered and from then on was kept in chains, though treated with kindness as he was well-liked.

It is thought that after being on steamers, the loneliness of a sailing vessel undermined his intellect.

The Carradale brings 3134 tons of coal for the Inter-Island Co. and made the trip up in forty-seven days. No vessels were sighted during the voyage, but a hard storm was encountered on May 30, which lasted several days.

MAUNA LOA'S TRIP.

The Mauna Loa arrived yesterday morning after a hard and busy trip, made so by the fact that she sailed one day late on account of the holiday last week. She brought 74 passengers, 36 being deck. Her cargo included 9105 bags sugar, 29 bags coffee, 34 bunches bananas, 30 head cattle, sundries.

Purser Conkling's report follows:

"The Mauna Loa arrived in port early this morning after an unusually busy trip, due to the one day out from the usual time of the trip, because of the holiday last week. She had 33 cabin and 35 deck passengers. Her cargo includes 9105 bags of sugar, 29 bags of coffee, 34 bunches of bananas, 30 head beef cattle, and sundries.

"Sugar on Hawaii—Punaluu, 450; Kukuiahele, 5000; Honokaa, 500. On outward trip experienced fine weather until Kau was reached, where the sea was very choppy. At Punaluu the highest surf in years was running but the absence of wind made it possible to work slowly, but with great difficulty.

"On Friday night about midnight the volcano gave a fine exhibition of fireworks for about three hours. The fire was visible from Punaluu and Honolulu.

"There have been light showers in Kau since our last visit. In Kona good rains have fallen daily since July 1st. The barkentine Kikikat finished discharging at Kailua and was at Mahukona on Monday to clear for Honolulu and Coast."

MUD CARS OVERBOARD.

Some cars on the Kakaako & Eastern Railroad, the one that carries debris from the new mail docks, crashed through the wharf where they were standing yesterday and sank in thirty feet of water.

The piling which supports the trestle where the track runs is very rotten, and although braced was unable to stand the weight placed upon it. One of the cars was loaded and the scoop had just dumped a load into another one, when the piling gave way.

The dredging work was delayed for several hours while a diver went down to regain the cars. They were lifted out with the assistance of the huge arm of the dredger.

TRANSPORT SHERMAN SAILS.

The Sherman got away for San Francisco at 5 p. m. yesterday. And there was a large crowd on hand to see her leave.

The Hawaiian band played on board from 2 p. m. until 5 p. m. for the benefit of the soldiers and passengers, and also for the soldiers from Camp McKinley, who sailed on her for the coast. As the transport left the dock the band on board struck up and played until the vessel swung into the stream.

Many of the officers, their wives and the passengers were covered with leis, which they threw to their many friends on the dock.

WARREN REPAIRED HERE.

The U. S. A. T. Warren, which lost a propeller blade a few days before she arrived from Manila, will be repaired here according to present plans.

When she was repaired here before her bow was depressed until her stern was partly lifted out of water, but this time the Warren will be backed into the Marine Railway. The latter is too small to hold the transport, but it is thought that she can be raised far enough so that her stern will be above the water, and then the necessary repairs can be made.

A-H. MOVEMENTS.

The S. S. Nevada will leave San Francisco for this port direct tomorrow.

She will be followed the next day by the Texan which will come here to load sugar for New York. The Texan will be next to the last boat to carry this season's crop around the Horn, the Arizonian, which will arrive here about August 18, being the last.

The next boat from Seattle and Tacoma for Honolulu will be the S. S. Nebraskan sailing from those ports on July 28. The Nebraskan has been at Kahului loading sugar and sailed yesterday, or will sail today for San Francisco.

SHIPPING NOTES.

The Claudine arrived at San Francisco yesterday morning.

Friday will be an unusually busy day on the waterfront with three steamers in port.

The Warren will discharge 2500 tons of coal for the depot army quartermaster before leaving.

The S. S. Coptic is due from the Orient tomorrow and will probably leave for the Coast on Friday.

Custom's Inspector Herman Dinklage sailed on the Sherman for San Francisco where he will spend his vacation.

The S. S. Korea arrived in San Francisco ahead of the Sierra, and the latter boat was placed in quarantine upon her arrival. The reason for doing so was not given in the dispatch.

Captain Niblack of the Naval Station is anxious to secure alligator pear seeds for distribution to Guam, Tutuila, and the Philippines, and will send for any if he is notified at the Naval Station.

Pail, an old Hawaiian and a well known waterfront character, was found dead in Kauluwa lane yesterday morning. It is said that he formerly owned some real estate at Lahaina, but was swindled out of it, and ever since has been unbalanced. The native stevedores on the Oceanic wharf used to look out for the old man and care for him.

INVENTION AND INDUSTRY.

The Bulgarian government has appropriated the sum of \$250,000 for the purchase of modern agricultural machines and implements.

During the first nine months of 1904 Spain imported nearly 40,000,000 francs' worth of machinery, chiefly from Germany and Great Britain.

Three condensed milk factories are now in operation, with an aggregate of \$225,000 invested capital and a daily capacity of 206,500 pounds of milk.

There were last year 532 paper mills in operation in European Russia, employing 46,100 hands and turning out paper to the value of about \$24,000,000.

Three condensed milk factories are now in operation in the United States, with an aggregate of \$225,000 invested capital and a daily capacity of 206,500 pounds of milk.

Sgt. Melocotti, an Italian, has invented an instrument which he calls the telegraphograph, and which sends or records telegraph messages in print, which are sent over ordinary telephone wires.

That the dairy products of Oregon for 1904 have a value of \$6,780,000, or an increase of \$1,760,000 over the preceding year, is one of the facts shown by the biennial report of State Food and Dairy Commissioner J. W. Bailey.

London now has an automobile baby carriage. It can be stopped easily by a child in the car depressing a pedal with its foot or by the person in charge pushing forward a lever on the side of the car. As this lever is fitted with a locking gear, it is impossible for the child to reverse it and restart the car.

A French engineer named Gambin has invented and patented a ship which, he declares, will easily attain a speed of 500 knots an hour. He would place in front of a specially constructed ship a contrivance he calls a "typhoonoid" or water-sucking cone. This cone, revolving on a horizontal shaft similar to that used for screw propellers, will create a vacuum in front of the ship, which will be drawn forward.

DON'T EXPERIMENT.

YOU WILL MAKE NO MISTAKE IF YOU FOLLOW THIS HONOLULU CITIZEN'S ADVICE.

Never neglect your health. If you have pain in the back, urinary disorders, dizziness and nervousness. It's time to act and no time to experiment. These are all symptoms of kidney trouble and you should use a remedy which is known to cure those troubles safely and surely.

Doan's Backache Kidney Pills is that remedy, and if you wish to be cured of kidney disease without experimenting, do not fail to use it. Others have

been cured and cured permanently. Why not follow the advice of a Honolulu citizen and be cured yourself?

J. D. Conn, of this city, is a carpenter by trade, and is employed at the Oahu railroad. "I was troubled," says Mr. Conn, "with an aching back. The attacks occurred periodically for years, and especially if I happened to catch cold. There was also other symptoms which plainly showed that my kidneys were out of order. A short time ago, I heard about Doan's Backache Kidney Pills and the wonderful things they were doing."

"Proceeding, then, to Hollister & Co.'s drug store, I obtained some of these. Since taking these pills there is a great improvement in me. I always keep some of the pills on hand now so as to be provided for any emergency. I feel sure if anyone troubled as I was should give Doan's Backache Kidney Pills a fair trial they will not fail to be benefited by them."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

The Coptic will probably be in port and the Manchuria and Alameda are due to arrive early in the morning.
